information up to date!

Debit Card Users

We care about our members! That's why it is important that you let us know if you have any changes in your phone numbers, whether home, work or cell! Fraudulent activity is an every day occurrence and we need up to date information so we can contact you in case of fraudulent activity. There will be times that the "Transaction Review Center" may call you or leave you a message. Please call them back and verify activity on your card. Afraid it's a scam - remember this: 1) they **should not** ask for an account number or card number 2) if a message was left, they will only ask you for the phone number where the message was left and the name of your financial institution (**Dearborn County Federal Credit Union**). The transaction review center only wants to verify your debit card activity with you - their resources allow them to contact you even when the Credit Union is not open!

Your money is safe with us. We are insured up to \$250,000.
